Nominee's Name: Neary Sim

Nominee's Current Department: Behavioral & Social Science; Consumer Family

What qualities (or experience) does this person possess that makes them a good fit for this role in the Classified Senate?

Very experienced in Classified Senate. Organized, knowledgeable in all areas of Classified Senate. Very dedicated.

I believe Neary will make a fine Vice President for our Classified Senate as she has shown dedication and passion in ensuring our student’s success by leading our graduation volunteers for the last 6 years. She is also very active in supporting our classified staff by participating in numerous committees where she is the voice of our classified staff, ensuring our rights and well-being are not being overlooked in decisions made at these committees. Neary has also served as Secretary to the Senate in previous years and I believe an elevated role will allow for her to improve the classified community because of her enthusiasm.
