Islamic Sufism
The Meaning of Jihad
Lecturer: Farnaz Khoromi, PsyD

“Islam means submission, but not to an unknown god. Rather, it is based on certainty, which is the result of seeing and knowing. Submitting to a god of our imagination is as fatal as submitting to a dictator and is the best way for innocent and ignorant minds to be manipulated in the name of religion. The reality of submission is seen in the bloom of the rose, in the apple tree bearing healthy apples, in the brilliance of the moon. Each one manifests one law: submission to knowledge. It is this knowledge that is capable of manifesting that rose, the tree, and all else in their completeness.”

~ Hazrat Salaheddin Ali Nader Angha
