San Diego City College
Accreditation

San Diego City College is accredited by the Commission for Community and Junior Colleges of the Western Association of Schools and Colleges, an authorized accrediting agency recognized by both the State of California and the United States Department of Education.

The College is also approved by the Office of Private Postsecondary Education for the training of veterans, as well as by the U.S. Department of State and the U.S. Immigration Service for international student education.

Accreditation is a rigorous process of self-assessment by the institution and validation by the Accrediting Commission in relation to a set of standards of best practices. The process entails an institutional self study, a formal visit by a Commission-appointed accreditation team, and a final review and determination by the independent Commission. The College is extremely proud that a full six-year Accreditation was reaffirmed in 2011.

The official documentation of the college accreditation is on file in the President’s Office.
Shared Governance

San Diego City College is governed through a participatory governance process. The role and purpose of all committees and councils in the governance process is to provide input in college decision making and assist in the communication of the nature and the necessities of college projects throughout the college community. College Governance Councils and Committees also make recommendations, through the College President, to the Chancellor and the Board of Trustees.

It is especially important that special interest groups use the governance process to accomplish their goals. This process not only gives interest groups broad-based college support but also assures college-wide prioritization of institutional goals. The chart below shows the line of authority and the line of consultation/communication from the college to the Board of Trustees.
Overview of Participatory Governance

The governance structure of San Diego City College (City College) is reflective of an institutional decision making process that involves representatives of all constituent groups in developing and recommending policies and procedures (exclusive of collective bargaining matters) to the College President, District Chancellor, and Board of Trustees. The represented constituencies include students, faculty, classified staff, and administrators/Managers.

The decision-making process is in concert with the recognition of the Board of Governors of the California Community Colleges and the Board of Trustees of the San Diego Community College District (Policy BP 2510) that all appropriate parties participate collectively in college/district governance in accordance with AB1725, Title 5 §§53200-53206 and §§51024-51025.

This principle of participatory governance provides the foundation for effective shared decision-making at City College. Mutual trust and support are imperative for the success of participatory governance and result from the regular demonstration that every individual and group involved in the decision-making process seeks first and foremost to improve the college and to strengthen its ability to successfully carry out its mission.

Participatory governance carries with it the responsibility and obligation of all participants to be supportive of a collegial decision-making process. Participation requires a willingness of everyone to actively contribute to decision-making and to accept ownership for the development and creation of a college environment resulting from those decisions. All constituencies have the right and the opportunity to express their points of view. The opinions of all staff and students are treated with respect and are given reasonable consideration.

By these means, City College strives to build a culture of open dialogue, trust and mutual respect.

Constituent Groups

City College recognizes that there are four constituent groups that are parties of interest in the governance of the institution.

- **Academic Senate**
  representing faculty

- **Associated Students Government**
  representing students

- **Classified Senate**
  representing classified staff

- **Administrators, college association, directors, deans, vice presidents, president**

The operational form of collegial consultation with constituent groups at City College is a formal Executive Council and Standing Committee structure. City College implements the participatory governance policies of the Board of Trustees through this organization. Executive Councils and Standing Committees include representatives from the four campus constituencies and are organized to encourage the consideration of ideas from every area of the college and specific proposals to be recommended for action.

Executive Councils and Standing Committees

Executive Councils are organized around the major operational components of the college. Collectively, these bodies formalize the collegial consultation process, facilitate communication, develop plans and processes, and provide input for the effective planning and operation of the college.

Executive Council and Standing Committee membership consists of faculty, classified staff, administrators, and, when appropriate, students. Members are appointed by the respective constituent groups. Ad hoc subcommittees, task forces, and work groups may be formed by Executive Councils or Standing Committees and will consist of those members deemed appropriate by the appointing body. Ad-hoc groups will be used rarely and only for specific tasks of short duration that do not overlap with the normal responsibilities of other decision-making groups.

City College has established five Executive Councils that participate in operational and policy recommendations:

- **President’s Council**
- **Master Planning, Assessment, and Resource Oversight Council (MPAROC)**
- **Instructional Services Council**
- **Student Services Council**
- **Institutional Technology Council**
Executive Council decisions will be communicated to the college community through the formal governance process. Each Executive Council and its associated Standing Committees will make and keep agendas, meeting notes, and records of its decisions and recommendations. Each Executive Council will develop, publish, and disseminate its procedures for processing requests, proposals, and projects received from the President’s Council or any other segment of the college community.

Standing Committees have been established to facilitate policy and operational recommendations to their respective Executive Councils. All formal decision-making bodies of the college will be organized into a reporting relationship with one of the Executive Councils that, in turn, reports to constituent groups and the college president. Each Constituent Group, Executive Council, or Standing Committee will determine the need to form, modify, or disband its associated ad-hoc work groups and may do so as deemed necessary.

Appointees serve for a term of two years with the exception of students, who serve for only one year. Ex-officio members serve by virtue of their office. All members of Executive Councils, Standing Committees, ad-hoc subcommittees, task forces, and work groups have full voting privileges (except ex-officio members). There is no limit to the number of two-year terms a member may serve. Membership on the various Executive Councils and Standing Committees is determined by the constituent groups. Members of each group are expected to serve as part of their professional responsibilities to the college. In the spirit of shared governance, all Classified Senate representatives will be released for committee meetings. Conflicts in meetings times will be resolved by the President’s Council.

Recommendations for revision of these procedures are made annually by the President’s Council. Nothing within these procedures shall be construed as impinging on any matter within the purview of collective bargaining.
Constituent Groups

Academic Senate

San Diego City College Academic Senate is organized for the following purposes:

- to assume primary responsibility for making recommendations on all academic and professional matters; (Title 5 Regulations on academic senates) 53200, C, 1-11;
- to promote the general welfare of San Diego City College, its faculty, and its students;
- to encourage a sense of professional responsibility of the highest caliber; and
- to assist and promote community college education, especially in regard to matters affecting the faculty of San Diego City College.

The legislative and executive functions are vested in a senate, through which the faculty exercises its powers. The Senate has the power to act for the faculty on all matters within the scope of the faculty. It also serves the president of the college as an advisory council.

All conference room and classroom reservations require submission of the Request for Facilities Use form. Submitting the form confirms the reservation and alerts Facilities and College Police to the activity. Please notify the appropriate person to cancel a room reservation. This will allow for rescheduling of the room, if needed, as meeting space on the campus is minimal.

To reserve the following campus spaces, contact:
Tiffany Smith, Business Services  x3428
- Conference Rooms: A-104, B-104, D-101, D-102, D-121A
- Staff Dining Room: D121 A/B or just B
- Gorton Quad
- Schwartz Square
- Curran Plaza
- Student Cafeteria/D-123
- Theatre

Classrooms are assigned to instructional deans. Contact the appropriate dean’s assistant to reserve a classroom.

All contract employees may receive access to the room scheduling web program (Room Matrix) to preview classroom availability. Contact the Vice President of Instruction Office (x3523) to request room matrix access.

Outside organizations may use our facilities for a fee. Arrangements are made through Tiffany Smith in the Business Services Office at (619) 388-3428.

How can I get rid of furniture/equipment I no longer need?
To move excess or obsolete equipment, submit an Equipment Transfer Document (ETD) to Business Services. Items identified as “dropped off” will be delivered back to their point of origin pending receipt of appropriate ETD’s. When the approved ETD is received, Facilities Services will relocate the equipment for pickup by the warehouse.

Am I allowed to come to campus during off-hours?
If you have a reason to be on campus beyond normal hours of operation, please let College Police know you are on campus. Dispatch can be reached at 388-6405. This is for your safety as well as for the security of the campus environment. The campus is closed on official holidays.

What is the college’s smoking policy?
San Diego City College is a Smoke and Tobacco Free campus. All tobacco, smokeless products and electronic delivery systems are prohibited. SDCCD Policy 0505. California Smokers’ Helpline | 1-800-NO-BUTTS

What do I do in emergency situations?

Emergency Telephones
Emergency telephones have been installed in most classrooms. Most are located on the front wall (teaching area) of the classroom. Others, due to original cable installation, may be on other walls. You should familiarize yourself with the call box location in each of your teaching environments.

The call box is a red square apparatus and you only need to push the button for direct dial to College Police Dispatch. Keep access to these phones clear of desks, TV/VCR’s, overhead projectors and any other equipment. There are also blue light emergency phone located throughout the campus.

Fire Alarms
When a fire alarm sounds, you MUST evacuate the areas affected. Alarms are specific to “regions,” which means they sound only in the areas requiring evacuation. Doors should be closed, but left unlocked when you leave the area. Remain outside until notified by College Police or Facilities that you can re-enter.

If evacuation is necessary for other reasons, College Police, and if required, other designated staff will convey that information in person. Doors should be locked in this instance. Re-entry is permissible only on the advisement of designated staff or College Police.
Medical Incidents
If you witness an accident or injury that appears to require immediate medical attention, call either 9-911 or x.6405 or use the designated College Police key on your office telephone.

Calling x.6405 summons College Police who will assess and evaluate the need for additional medical response. If you believe the situation is a medical emergency, it is appropriate to dial 9-911 first and College Police second.

Accident Reports
In order to advise District Risk Management of workplace injuries as soon as possible after they occur, within 24 hours, supervisors (not the injured employee) should complete the Accident, Injury, and Occupational Illness Investigation Report and fax both sides to Risk Management at x.6898.

The original and the Employee's Claim for Workers' Compensation Benefits Form should then follow the normal process. Send a copy of both forms to Business Services.

EvacChair
The EvacChair is for use when elevators are inoperable and wheelchair access to another floor is needed. The EvacChair is available near A-225 (east wing). If a need arises which requires use of the EvacChair please contact one of the following for assistance:

Is there anything else I may need to know?

Travel Requests
To ensure timely processing of checks for Travel & Conference (e.g. Advances, and Direct Pays for Registration and Transportation, etc.), submit completed documentation early enough so they arrive in Business Services at least 2 ½ weeks prior to the registration deadline and/or date of travel.

After processing by Business Services, the travel requests are approved and signed by the president and then sent to various department(s) at the District Office for signature before a check can be processed. Checks are generated once a week.

Any Travel Request that is submitted after the date of travel must be accompanied by a letter of justification describing the extenuating circumstances that precluded following procedure.

Conference/Travel forms and procedures are available on the City College website:
http://www.sdcity.edu/facstaff/downloads.asp

Professional Development Forms

Volunteer Workers
Any and all unsalaried persons performing voluntary services (volunteers) for City College must have a current Volunteer Worker Notification Form on file with Business Services. This form must be completed before the person performing the services actually starts. One is needed for each “dates of assignment” period. The time period entered in the “dates of assignment” line cannot go beyond the fiscal year in which the volunteer started.
