

Cosmetology

Description

The Cosmetology program is designed to provide entry level skills to students interested in a career in the cosmetology profession. California State law requires that persons enrolling in Cosmetology courses must be at least sixteen years of age. Students in the Cosmetology program will be required to comply with and maintain standards of dress and grooming. Excessive absences may result in exclusion from the program. All prospective students are required to attend an orientation program.

Orientation

Students must bring proof of placement test scores to the orientation session and Student Handbook.

Program Enrollment

Program add codes are required for both transfer and continuing students for spring, summer and fall semesters. Mid-spring and mid-fall courses are also part of the program and new courses begin each nine weeks. Program vacancies are filled by students from a waiting list.

Program Hours

Cosmetology courses are offered during the day and evening.

Full Time Program: For students enrolled in lecture courses numbered 50, 60, 70, 81 and 95: 7:50 A.M.- 8:50 A.M., Monday through Friday.

For students enrolled in laboratory 50L, 60L, 80L & 90L: 8:50 A.M.- 4:00 P.M., Monday through Friday.

Half Time Evening Program: Lecture: Monday 5:00 - 10:00 P.M. and 5:30 - 10:00 P.M., Tuesday through Friday (laboratory only)

NOTE: A nine-week summer session is required for both full-time day and half-time evening students.

Prior Hours:

Students who have hours previously completed in a cosmetology program must provide written verification of hours completed. This is done by submitting State Board documentation to the Cosmetology Department.

The California State Board of Barbering and Cosmetology requires 1600 hours of instruction and a passing score on the State Board examination to become a licensed cosmetologist eligible for employment. Students participate in practical and theoretical training under the supervision of a State licensed and community college credentialed instructor at all times while enrolled in the program.

Program Emphasis

Students are expected to learn fundamental practices and procedures of cosmetology services. This includes laboratory instruction in client cosmetology services. Students are required to purchase all textbooks, uniforms, practical kits, tools and small manually handled equipment. Instructional opportunities provide the student with salon site visitation, guest speakers, exposure to the cosmetology industry, small business concepts and current changes in the field of cosmetology which lead to career opportunities and advancement. Students are provided with opportunities to develop skills in sales, community and client relations, care of skin, hair and nails, as well as salon management. A grade of "C" or better must be maintained in order to advance in the course sequence. As of January 1, 1995, the California State Board of Cosmetology requires 400 hours of instruction for manicuring program licensure application. Note: Half-time students should enroll in laboratory sections A & B, for example, Cosmetology 50LA & 50LB.
