

# Environmental Stewardship Committee Meeting

Minutes 2/21/08

Attendance:

## I. City of San Diego Recycling Award

- We were asked to apply for the City of San Diego Recycling Award. The application was given to Karon on Friday 2/15 and due Monday 2/18. It was filled out and submitted describing all the efforts City College has made towards Environmental Stewardship.

## II. President's Climate Commitment

- It was given to President Terry Burghess, Academic Senate President Roberta Alexander, and the Chancellor's Office. President Burghess is impressed and motivated to move forward. He will bring it up at the next chancellor's cabinet meeting.

## III. Convocation

- Terry B. OK'd a sustainable lunch as a replacement for the traditional BBQ for convocation 2008.
- There will be various workshops (perhaps sustainable classrooms as part of Student Learning Outcomes) in sustainability.

## IV. LEED Silver Senate Resolution

- It was passed by Mesa's Academic Senate. It will go before City's Academic Senate on Monday 2/25.

## V. Renewable Energy Senate Resolution

- Discussed need to learn more about a renewable energy senate resolution

- Discussed educating both ESC and health and safety meeting in a combined meeting

#### VI. Curriculum

- Discussed bringing sustainability curriculum to IAC
- Erin R. has resources available for sustainability curriculum
- Anyone who is interested in classroom sustainability or is currently doing something to further sustainability efforts should pass information along to ESC and Erin R.

#### VII. Earth Fair

- If contacts commit, email information to Nick to post on website. If you can think of other contacts than those on the list, feel free to include them and email information to Nick.
- Encourage contacts to commit early. If contacts commit by 3/14, they can be included in promotional materials that will be advertised both on campus and throughout the community.
- Discussed need for a uniform application form that asks contacts to identify what set up materials are needed, what set up materials are available, set up and parking information, and describes what they will be providing at the fair. Bob S. will put together form and send to ESC members.
- Parking in student and staff lots will not be available for contacts. They will have to park at Naval parking at Inspiration Park in Balboa and take the shuttle. They will be allowed to park on campus for set up, but then will have to move vehicle.
- Discussed the district having a booth to highlight district efforts in sustainability (someone would need to organize/manage booth)

- Discussed City College having a transportation booth (parking, bus, trolley, other services)

VIII. City's Recycling Update

- City's recycling dropped from 7 tons to 5 tons last week while there was no reduction in trash.

IX. Other

- Erin R. has posters available for *Story of Stuff* (4/4 11:30-12pm in D121) and *Maquilapolis* (4/3 11am and 7pm in A213).
