

San Diego Community College District is considering how to best help you with your commute to work. We have partnered with RideLink, the free regional commuting assistance program to provide this service. Your preferences will help us to create or adjust a commute program that suits your needs.

The first step is to complete the survey, which asks how you currently get to work and which other ways of commuting interest you. You will receive a customized list of other commuters who live near you that you could rideshare with and information on any other available services based on your preferences. By completing this survey, you agree to allow RideLink to share this survey information with your employer. After the survey results are tallied, we will begin to design a program with RideLink that will save you money and make your commute to work easier and less stressful.

Your information will be included in the regional rideshare database and may appear on other matchlists. Home addresses are never disclosed and this information will be used for ridesharing purposes only in accordance with Section 637.6 of the California Penal Code.

Return this application to your Human Resource Department by **Friday, September 19, 2008** or fax to RideLink at: (619) 699-0709
