The Accreditation Self Study Steering Committee is discussing planning agenda items this semester. Also, we will soon be announcing a campus-wide open forum/update to discuss the progress and evolving conclusions of the self-study process in which so many of our faculty, staff, and students have been involved over the past year and a half. We are interested in your input! If you have any questions, concerns, or input of any type, please contact me!

Roberta Alexander, faculty co-chair of the steering committee at ralexand@sdccd.edu. For more information on our progress, go to our Webpage at <http://sdccity.edu/accreditation>. (Alexander)

Fitness Tips

Plant Foods are Good for You

Plant foods like fruits and vegetables should be the foundation of your diet. The reason for this is not because animal foods are bad for you - it's because plant foods are so good for you. If you eat at least the minimum number of recommended servings per day, you will be on the road to better health and for the rest of your life. (Greer)
