Other courses may be approved upon consultation with the Registrar (e.g. language courses for which there is no SDCC equivalent may be accepted as a general education elective).

NOTE: Some degree programs specify certain courses to meet general education requirements (e.g. BIO 101 is a required science elective for the Psychology major). Please consult the SDCC catalog for degree requirements or contact the SDCC Registrar's office at (619) 590-1784.

Adults planning to enroll in the SDCC degree completion program should contact the Adult Professional Studies Office at (619) 590-1719 for information on transferring. General education requirements for the APS program may differ from the traditional program.

While efforts have been made to assure the accuracy of the contents of this articulation, it must be understood that policies, courses, and requirements are subject to change without notice and that students will be subject to the policies in effect at the time of enrollment.
