WHAT IS STATWAY?

STATWAY is a two-semester alternative to the traditional sequence that would be required to complete a transferable math course. Students work with real world problems in a cooperative group setting using a modular approach to learning the concepts.

- Each course is 4 units: 3 days a week [ Monday, Wednesday, Friday ]
- Algebra and statistics will be taught as an integrated course.
- Students need to be aware that there is a considerable amount of reading and computer work in this program.

STATWAY >
- Satisfies the math competency for the Associate Degree [ Students must take both Math 47A and Math 115 for degree credit ]
- Transfers to the CSU system
- Satisfies the transfer math requirement in Area B4 of the CSU General Education pattern [ Students must take both Math 47A and Math 115 for transfer credit ]

CONSIDER STATWAY

- If you are not considering a major that requires more than one transfer-level math class, typically Statistics or Math for Liberal Arts, and if you satisfy the prerequisite of Elementary Algebra [ completion of Math 38 or an assessment score of M30 on Accuplacer ]
- If you are transferring to a CSU and need a terminal math course for general education*
- If you need to satisfy the math competency for the Associate Degree*

* Works well for many majors, such as Liberal Arts and Humanities

STATWAY IS NOT FOR MAJORS IN SCIENCE, MATH, ENGINEERING, TECHNOLOGY, OR ANY MAJORS THAT REQUIRE A SPECIFIC TRANSFER-LEVEL MATH COURSE.
Mathematics Course Progression for CSU GE Completion and Associate Degree Math Competency with Statway

M 30

Math 46
Elementary Algebra and Geometry

Math 38
Pre-Algebra and Study School (Advisory only)

Math 47A
Mandatory Prerequisite for Math 115

Math 115
Not open to students with credit for Math 092 (No skill level equivalency for prerequisite)

Math 104
Math 107
Math 116
Math 118
Math 119
Math 210A

* Credit for CSU transfer

* Equivalency credit given for statistics at CSU Northridge and San Jose State University
