

City College President Ricky Shabazz, Ed.D.

SAN DIEGO CITY COLLEGE

A Message from the President

September 7, 2017

Students, Faculty, Classified Professionals, and Administrators,

San Diego City College is committed to providing ALL students with a safe and supportive learning environment. As our nation works through the challenges of keeping the promises made to our Deferred Action for Childhood Arrivals (DACA) and Dreamer students, we want everyone to know that City College continues to be a safe and supportive campus that embraces social justice, diversity, and inclusion.

I want our Dreamer and DACA students to know that you are safe and welcomed at City College! We hope that you will continue attending your classes where we fully expect that you will gain the knowledge and skills necessary to help prepare you to accomplish your educational and career goals.

The City College Office of Student Services continues to provide workshops and other resources such as Immigration Information workshops and Mental Health Counseling for our DACA and Dreamer students. Additionally, I am happy to inform you that there have been NO CHANGES to the CA Dream Act which affords many students access to state financial aid and instate tuition.

San Diego City College is your home and we will continue to provide a safe and welcoming environment for ALL students. Please continue to check out Immigration Information webpage for additional information as it becomes available.

Ricky Shabazz, Ed.D.
President
San Diego City College
