PROGRAM OVERVIEW

The Commercial Music Program at San Diego City College helps aspiring artists, music producers, and engineers take their music technology skills to the next level. As an AVID Learning Partner, the program offers Pro Tools certification as well as training in Ableton Live, Reason Studio Reason, and Apple Logic Pro X. Students can also explore music business, live sound, and audio for multimedia. Facilities include a 25-seat Mac-based MIDI Lab and a state-of-the-art recording studio with an AVID S6 M10 mixing console and analog outboard gear. The studio's large live room includes a grand piano and drum kit and can accommodate a 20-piece ensemble. The program offers an Associate of Science Degree in Digital Music Technology as well as professional certificates in audio production.

STUDENTS WHO COMPLETE THIS PROGRAM WILL BE ABLE TO:

- Operate Pro Tools software in a recording studio.
- Understand MIDI technology and the operation of a MIDI-based studio.
- Work with analog and digital signal flow in a recording studio environment.
- Utilize microphones/microphone placement to record live instruments with Pro Tools software.

DEGREE AND CERTIFICATE PROGRAMS

Associate of Science Degree:
Digital Music Technology

Certificate of Performance:
Audio Production

Certificate of Achievement:
Audio Production

CAREER PATHS

While some careers in the music industry require education beyond the associate degree, students who complete this program have a wide range of career options. Potential careers: • stage hand for live sound reinforcement • recording studio engineer • commercial music producer or composer • sound designer for gaming or TV/film • live sound engineer • synthesizer programmer • retail sales of professional audio equipment • composer or producer of music for film, television, video games, or commercials.

SALARY: ESTIMATED EARNINGS
