

Upon successful completion of the AS Degree in Video Production, students will be able to: identify the goals and requirements of a multimedia project; operate video and audio recording equipment; compare and analyze various digital media genres (e.g. broadcast news, narrative film, documentary production, entertainment videos, and commercial/promotional presentations); and develop, manage and execute digital media projects with specific messaging.

### Program Emphasis:

The Video Production program offers hands-on experience in all aspects of video production. Through the use of the department's video camcorders, audio tools and editing systems students have a unique opportunity to produce both self-directed and client-directed multimedia projects.

Prospective students are advised that proficiency in English reading and writing is necessary for successful participation in the program.

### Career Options

The skills acquired with this degree may lead to employment, freelance work or business ownership in one or more of the numerous genres of digital media production. These jobs include, but are not limited to: directing, producing, writing, video editing, production management, camera operation, sound technician, lighting and grip, production assistant, public relations, corporate marketing and advertising.

<b>Courses Required for the Major:</b>		<b>Units</b>
RTVF 100	Introduction To Electronic Media	
	<b>or</b>

<b>Total Units = 27</b>		

## Transfer Information

**Common university majors related to the field of Radio and Television include:** Communication, Film and Electronic Arts, Film and Television, Journalism, Mass Communication, Radio and Television, Television, Film and Media.

### Course Requirements for Transfer Students

Students who plan to transfer to a four year college or university and earn a bachelor's degree in this discipline should consult with a counselor or visit the Transfer/Career Center to determine the appropriate major preparation courses for their specific transfer institution and major. Transfer students may also earn an Associate of Arts degree in Liberal Arts and Sciences with an emphasis. This degree may be individually tailored to each student's specific transfer requirements in order to provide the most efficient path to transfer. More information on transfer programs and procedures is available in the Transfer Programs section of the catalog.

## Associate in Science in Film, Television and Electronic Media for Transfer Degree:

### Description

The Associate in Science in Radio, Film, and Electronic Media for Transfer Degree is intended for students who plan to complete a bachelor's degree in Radio, Film, and Electronic Media or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor's degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree. Students who plan to complete this degree should consult a counselor for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

**NOTE:** Students intending to transfer into this major at a CSU should consult with a counselor and visit [www.assist.org](http://www.assist.org) for guidance on appropriate transfer coursework.

### Award Notes:

General Education: In addition to the courses listed below, students must complete one of the following general education options:

- The IGETC pattern (page 126) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern (page 133) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

#### The following is required for all AA-T or AS-T degrees:

- Completion of 60 CSU-transferable semester units. No more than 60 units are required.
- Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some CSU campuses and majors may require a higher GPA. Please see a counselor for more information.
- Completion of a minimum of 18 semester units in an "AA-T" or "AS-T" major (see list below). All courses in the major must be completed with a grade of "C" or "P" or better.
- Certified completion of the California State University General Education-Breadth pattern (CSU GE; see page 133 for more information); OR the Intersegmental General Education Transfer Curriculum pattern (IGETC; see page 126 for more information).

#### Program Goals:

- The purpose of the Associate in Science in Radio, Film, and Electronic Media for Transfer degree is to offer an organized course of study that will prepare students intending to major in Film, Television, and Electronic Media at the California State University (CSU). It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor's degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree. Students who plan to complete this degree should consult a counselor for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

#### Career Options:

Careers related to this field typically require education beyond the associate degree level and some may require a graduate degree.

<b>Courses required for the Major:</b>		<b>Units</b>
RTVF 100	Introduction To Electronic Media <b>or</b>	
DJRN 100	Mass Media in the Digital Age	3
RTVF 107	Audio Production	3
