

Courses Required for the Major:		Units
ANTH 102	Introduction to Biological Anthropology	3
ANTH 103	Introduction to Cultural Anthropology	3
ANTH 107	Introduction to Archaeology	3

Select a minimum of nine units from the following:

ANTH 104	Laboratory in Biological Anthropology	1
ANTH 106	World Prehistory	3
ANTH 110	Anthropology of Magic, Witchcraft, and Religion	3
ANTH 117	Anthropology of Gender and Sexuality	3
ANTH 120	Archaeological Artifact Analysis	3
ANTH 130	Bones: Human Osteology	3
ANTH 140	Primatology	3
ANTH 200	Introduction to North American Indians	3
ANTH 205	Introduction to Medical Anthropology	3
ANTH 210	Introduction to California Indians	3
ANTH 215	Cultures of Latin America	3

Total Units = 18

For graduation requirements see **Requirements for the Associate Degree** on page 110.

Electives as needed to meet minimum of 60 units required for the degree.

Note: Although no course in a foreign language is specified a minimal familiarity with one foreign language is desirable. The particular language should be selected in consultation with the Behavioral Science Department anthropologists.

Associate in Arts in Anthropology for Transfer Degree:

The Associate in Arts in Anthropology for Transfer Degree is intended for students who plan to complete a bachelor's degree in Anthropology or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor's degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

Program Learning Outcomes

Students who complete the Anthropology Program will acquire these skills:

- **Critical Thinking:** Use an anthropological framework to think critically in reading, writing, and/or speaking, thereby interpreting relevant problems, theses, arguments and evidence to draw and defend rational conclusions.
- **Communication:** Effectively communicate employing anthropological perspectives while recognizing and respecting potential differences in worldview.
- **Personal Actions and Civic Responsibilities:** Articulate the varieties of biological and cultural adaptations and demonstrate an understanding of cultural diversity.
- **Global Awareness:** Articulate ability to understand one's role in local and global society, take responsibility for one's own actions, and make ethical decisions in complex situations.
- **Information Literacy:** Collect data and engage with research through appropriate use of an array of scholarly sources and through discipline-specific technologies and frameworks.

Note: Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

Award Notes:

Students are required to complete a maximum of 60 CSU transferable units with a minimum overall grade point average of 2.0.

Major: A minimum of 18 units with grade of "C" or "P" or better.

General Education: In addition to the courses required in the major, students must complete one of the following general education options:

- The California State University General Education Breadth pattern
- The Intersegmental General Education Transfer Curriculum pattern

Note: Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

Courses Required for the Major:		Units
ANTH 102	Introduction to Biological Anthropology	3
ANTH 103	Introduction to Cultural Anthropology	3

ANTH 107	Introduction to Archaeology	3
----------	-----------------------------	---

Category A: Select one of the following courses (3 units):

ENGL 202	Introduction to Linguistics	3
MATH 119	Elementary Statistics or	
PSYC 258	Behavioral Science Statistics	3

Category B: Select one or two of the following courses, or any course not selected in Category A (3–5 units):

BIOL 230	Human Anatomy	4
GEOL 100	Physical Geology	3
and		
GEOL 101	General Geology Laboratory	1
GISG 104	Geographic Information Science and Spatial Reasoning	3
PHIL 112	Philosophy of Science	3
PSYC 255	Introduction to Psychological Research	3

Category C: One course from the following (3–4 units):

ANTH 104	Laboratory in Biological Anthropology	1
ANTH 115	Introduction to Archaeological Field Work	4
ANTH 120	Archaeological Artifact Analysis	3
ANTH 200	Introduction to North American Indians	3
ANTH 205	Introduction to Medical Anthropology	3
ANTH 210	Introduction to California Indians	3
ANTH 215	Cultures of Latin America	3
GEOG 101	Physical Geography	3
and		
GEOG 101L	Physical Geography Laboratory	1
GEOG 102	Cultural Geography	3
GEOL 104	Earth Science	3
HUMA 106	World Religions	3
MUSI 109	World Music	3
SOCO 101	Principles of Sociology	3

Total Units = 18–20

Electives as needed to meet maximum of 60 units required for the degree.

Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. **Course requirements at the transfer institution are subject to change and may be verified by a counselor**

or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Architecture

Award Type	Units
Associate of Science Degree:	
Architecture Design	41*
Architecture Technician	30*
Architecture: University Track	35*
Construction Management	30*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Description

The Architecture Program has two main focuses: transfer to university Architecture programs and preparation for direct employment in architecture or a related design office. The program emphasizes the need for the student to achieve a level of critical thinking, communication and information and technological literacy skills. These skills are required in the workforce and in preparing for transfer to colleges and universities. Because employment in the architectural profession has become increasingly selective, often requiring a Bachelor of Arts or Science degree in Architecture or a Bachelors of Architecture for entry-level positions, the Mesa College program is focused primarily on transferring qualified students to university programs offering those degrees. Students planning to transfer to a school of architecture should consult with architectural counselors to select acceptable transfer courses.

Understanding the architect's important role in protecting the environment is paramount. The integration of sustainable design principles within a project's overall solution continues to be a natural extension of the holistic, collaborative design approach which is the foundation of Mesa College's architecture curriculum.

Program Goals

The program is designed for students wishing to transfer to university programs in architecture
