Built from the R3 Project Review dated October 14, 2026 and compared against the October 7, 2026 list. Items marked New / ★ are either new to the tracker or have changed phase since that comparison date. Target Construction Date is taken from the source Target Construction Date column; Closeout and Needs Priority rows show — by convention. Source Design Approval is grouped under Design, and Procurement is split into Bidding (in bid development) or Contracting (awarded). Upcoming, On Hold and Needs Priority items are not covered by this report's status filter and are carried forward unchanged from the prior list. Teal ★ marks District Wide projects.
