# San Diego City College History

## Land Acknowledgement

San Diego City College acknowledges that we gather on unceded Kumeyaay land. We value Indigenous knowledge and cultural worldview. We commit to providing transformative educational experiences for all campus members and guests as we examine practices that perpetuate harm against Indigenous, Black, Brown, and other marginalized communities. We pledge to sustain a meaningful and respectful relationship with the Kumeyaay and other Indigenous communities as we honor this beautiful land together.

## About San Diego City College

Established in 1914, San Diego City College (SDCC) was the first community college in San Diego, beginning with just 34 students and four instructors. Now serving nearly 14,000 students each semester, SDCC has grown into a 60-acre urban campus in the heart of downtown San Diego's East Village, with more than 1,650 faculty, administrators, managers, and classified professionals.

Initially, classes were conducted at San Diego High School, located across the street from the current campus. The college then moved to various locations, including the Park Boulevard campus of the State Normal School (now San Diego State University), the Ford Building in Balboa Park (now the Aerospace Museum), Lincoln Grade School at 12th and E St., and a munitions warehouse at State St. and Market St.

Construction began in 1956 on the first buildings of the present campus, the A and T buildings. Throughout the 1970s, the City of San Diego Redevelopment Urban Renewal Funds helped develop the campus. Several key facilities followed, including the Educational Technology Center in 2000, the 67,000 square-foot Learning Resource Center in 2003, and the 2,000-seat Harry West Gymnasium in 2005. The Academic Success Center opened in 2009, the Career Technology Center in 2010, and the Mathematics, Social, and Behavioral Sciences Building in 2013. The Science Building opened in 2014, followed by the Arts and Humanities and Business Technology buildings in 2015. The Center for the Media and Performing Arts opened in 2016, and a major renovation of the A, D, and T buildings was completed in 2018. The Student Services and Administration Building and the Engineering and Technologies Building each earned Gold certification under the US Green Building Council's LEED program in 2019, and the Early Education Center was completed in 2021.

In fall 2024, SDCC celebrated the grand opening of the Asian American, Native Hawaiian, Pacific Islander (AANHPI) Connections Center, drawing more than 150 students, faculty, staff, and community leaders. That same year, Friends of Downtown awarded 38 scholarships to City College students, continuing a partnership that has delivered more than \$900,000 in scholarships since 2000.

SDCC is also moving forward on its first-ever affordable student housing community. The seven-story, all-electric development, built in partnership with The Michaels Organization and designed by TCA Architects, will offer 283 apartment-style units and nearly 800 beds, prioritizing low-income students, veterans, and former foster youth. Funded through Measure HH, the community is scheduled to open in fall 2028.

SDCC holds designations as a Hispanic-Serving Institution, an Asian American and Native American Pacific Islander-Serving Institution, and a Black-Serving Institution, a new state designation recognizing colleges taking intentional action to eliminate systemic barriers and advance Black student success.

SDCC is part of the San Diego Community College District (SDCCD), the second-largest of California's 73 community college districts and the sixth largest in the nation. For more information, visit [www.sdccity.edu](http://www.sdccity.edu).

# Mission, Academic Regalia & Colors

## College Mission Statement

San Diego City College welcomes and inspires every student to identify and pursue their community, personal, educational, and professional goals. We prioritize accessibility, equity, and social justice through student-centered support services and educational opportunities for global learning. We offer general education, associate and bachelor's degrees, transfer pathways, certificates, and career technical education for personal enrichment and economic mobility.

## Academic Regalia and Colors

The custom of wearing distinctive dress for academic ceremonies goes back to the Middle Ages. Most of the scholars in the early universities belonged to religious orders and the robes and hoods identified them as belonging to a particular group. Their robes, caps, and hoods had a very practical purpose as the buildings where scholars lived, studied, and taught were cold and drafty. Academic dress, as we know it today, has changed little in the past 300 years. Hoods are worn by those with graduate degrees only, and the color represents the field of study.
