MISSION, ACADEMIC REGALIA & COLORS

COLLEGE MISSION STATEMENT

San Diego City College has as its highest priority student learning and achievement. The college provides lower division and general education courses that lead to certificates, associate degrees or transfer to a four-year college or university; career technical education programs that meet specific industry needs, upgrade the employment skills of students, and fulfill licensing requirements of the state of California as well as contribute to the economic development of our region; basic skills instruction to assist all students in meeting their educational goals; and essential student support services for all students.

ACADEMIC REGALIA

The custom of wearing distinctive dress for academic ceremonies goes back to the Middle Ages. Most of the scholars in the early universities belonged to religious orders and the robes and hoods identified them as belonging to a particular group. Their robes, caps, and hoods had a very practical purpose as the buildings where scholars lived, studied, and taught were cold and drafty. Academic dress, as we know it today, has changed little in the past 300 years. Hoods are worn by those with graduate degrees only, and the color represents the field of study.

ACADEMIC COLORS

Graduate Degrees Only

Blue Violet | Architecture
White | Arts, Letters & Humanities
Drab | Business Administration
Gold | Computer Sciences, Statistics & Science
Light Blue | Education
Orange | Engineering
Brown | Fine Art
Maroon | Home Economics

HISTORY

Celebrating its 100th Anniversary in 2014, San Diego City College was established as the first community college in San Diego (San Diego Junior College) in 1914 with 34 students and four instructors. In 2019, City has more than 15,000 students and 2,100 faculty and staff.

College classes were first held at San Diego High School, located across the street from the present campus. For the next 42 years, City College held classes at various locations, including the Park Boulevard campus of the State Normal School (now San Diego State University), the Ford building in Balboa Park (now the Aerospace Museum), Lincoln Grade School at 12th & E and a munitions warehouse at State and Market. In 1956, construction started on the first buildings, which are the A and T buildings for the present campus.

Throughout the 1970s, the City of San Diego Redevelopment Urban Renewal Funds helped construct the beautiful, 60-acre City College campus in the heart of downtown. In 2000, the Educational Technology Center opened, and in 2003, the 67,000sf Learning Resource Center (LRC) replaced the 30-year-old library.

In 2005, the 2,000-seat Harry West Gymnasium opened as a new home for our award-winning City College Knights. Named after beloved Coach West, students enjoy three regulation basketball courts, six badminton courts, three volleyball courts, intercollegiate team rooms, workout facilities, and classrooms.

In 2009, we celebrated the long-awaited renovation of the former library building into a bustling Academic Success Center to serve as a centralized resource hub for students.

In fall 2010, the 88,900sf, five-level Career Technology Center became the new home for our expanding Cosmetology, Nursing, and Photography & Digital Arts programs, and the Campus Police. In addition to the Luxe Photography Gallery, it also provided 700 new parking spaces.

In spring 2013, the 66,000sf Mathematics, Social, and Behavioral Sciences building opened. This five-story facility provides classrooms and laboratories for Psychology, Sociology, Philosophy, Humanities, Anthropology, Alcohol and Other Drug Studies, Human Services, Peace Studies, Futures Studies, Gender Studies, the Institute for Human Development, the Corporate Education Center and the District's Military Education program. A seven-story, 400-stall parking garage is adjacent to the building.

In spring 2014, Life Sciences and Physical Sciences celebrated the opening of its new 98,000sf Science Building. The four-story building includes classrooms, labs, an outdoor teaching garden, a rooftop observation deck, and a planetarium. In fall 2015, the Arts & Humanities and Business Technology buildings welcomed new students for classes in the Visual Arts, English, Speech and Foreign Languages, and Business Studies, and Computer Systems. The City Fine Arts Gallery and Sculpture Garden host numerous exhibitions throughout the year.

In 2015, the new Student Affairs and Scholarship Office opened, providing a welcoming gathering place for our Associated Students Government, the Inter-club Council, and student clubs.

In 2016, the Center for the Media and Performing Arts opened as a new space for Dance, Drama & Theatre, Music, and the Radio, TV & Film departments, including the Hope Shaw Studio for the student-produced Newscene program.

In 2017, the \$58 million renovation of our oldest buildings (A, D, T) got underway. Completed in 2018, the project provides new homes for many operations, including Business Services, Student Services, and the Engineering, Agriculture and Child Development departments.

In 2019, the newly-completed renovations of San Diego City College's Student Services & Administration Building (A Building) and Engineering & Technologies Building (T Building) have been awarded Gold certifications under the U.S. Green Building Council's (USGBC) Leadership in Energy and Environmental Design (LEED) program.

In 2021, construction of the new Early Education Center was completed. The 10,000-square-foot Center will house classrooms for infants, toddlers, and preschool children; and a 10,000-square-foot playground.

HIGHLIGHTS

Awarded more than \$252,000 in scholarships to 227 deserving students in the 2020-21 academic year.

Since December 2020, City College, in partnership with Feeding San Diego and San Diego Food Bank, hosted 10 Hunger Action Days food distribution events where we provided free, nutritious food to more than 5,000 people.

Students Tatiana Butte and Lucia Huerta named 2021 Jack Kent Cooke Foundation Undergraduate Transfer Scholars. Each student will receive up to \$40,000 a year to complete their bachelor's degree.

New Partnerships: Expanded Hispanic Heritage Month to include workshops for diversifying our faculty and manager positions; Student Health Center partnered with HUBU, Puente, Umoja, and City Scholars to expanded services and embed mental health services into the classroom; Expanded Asian American and Pacific Islander Heritage Month with an analysis of events; Expanded support for MANA de San Diego, Cesar Chavez Service Clubs, and Chicano Federation to include scholarships for students in our service area.

Hermanos Unidos Brothers United (HUBU) held its annual conference, virtually, in October. This was the largest attended conference yet. This year, additional scholarships were offered and the Dr. Neshia Savage Scholarship was established.
