

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education pattern that fulfills all lower-division general education requirements to all California State University (CSU) campuses and most University of California (UC) campuses/majors. It is also accepted by some private/independent or out of state universities. IGETC is usually recommended for students who intend to transfer to a UC campus, or who are not yet sure of their intended transfer university. Completion of the IGETC pattern is not an admission requirement for transfer to most UC or CSU campuses, nor is it the only way to fulfill the lower division GE requirements of a UC or CSU campus prior to transfer. Please consult with a Counselor to determine the most appropriate general education pattern and to obtain all the requirements for transfer to a CSU or UC.

General Education Certification: General Education Certification is a legal agreement between the UC or CSU systems and the California Community Colleges that permits a student to transfer from a community college to a UC or CSU campus without the need to complete additional lower division general education courses to satisfy university GE requirements after transfer. Full or partial certification of IGETC is available. Please see a counselor for details.

- Each course must have been IGETC approved at the time it was taken. Courses may be approved for more than one IGETC area. However, each course may be used to certify only one of the areas it is approved for.
- Coursework completed at accredited U.S. colleges and universities can be used to satisfy many IGETC areas. All such credit must be evaluated through the Evaluations office. Foreign coursework is not acceptable.
- All courses must be passed with a "C" or higher. "C-" is not acceptable.
- Some UC campuses do not allow use of IGETC for students who were previously enrolled at a UC campus.
- Some community college courses have limitations on the amount of credit awarded by the receiving university.
- Students may be eligible for transfer upon completion of the applicable 60 transferable units which must include GE courses. The balance of courses may be preparation for major and/or electives. See a counselor for details
- Acceptable scores on the **Advanced Placement (AP)** and **International Baccalaureate Credit (IB)** exams may count towards satisfying the IGETC subject areas. Please consult the College Catalog and a Counselor for details.
- **General Education Certification is not automatic and must be requested through the college Evaluations office.**

IGETC is not recommended for students transferring to UCSD's Revelle or Eleanor Roosevelt as well as some other UC transfer destinations. Please see the college catalog and a counselor for details.

KEY: C = Units Completed; IP = Units In-Progress; R = Units Remaining
* Course is listed in more than one area but cannot be certified in more than one area.
+ Transfer credit may be limited by either CSU or UC, or both. Please consult with a counselor for further information.
